

Year 5 Art - Textiles Knowledge Organiser

Word	Definition
Brusho	a transparent, highly-pigmented watercolour ink
Construction	A process of assembling or building a work of art.
Destruction	involves the damaging or destruction of works of art.
Fixing	To place something (perhaps a pigment) in a secure or firm position.
Layering	Building up a piece of art by adding layers of paint or other media
Plaiting	the interlacing of strands
Pleating	A fold in cloth made by doubling the fabric upon itself and then pressing or stitching it into place.
Relief	An image created by an artist who cuts away parts of a matrix such as a cork, wood or linoleum block leaving a raised area, which is then inked and transferred to a paper.
