

# Miss Mason

## What I would like you to know about me.

- My favourite colour is green.
- I love playing sports, especially netball.
- I have a dog called Waffle.
- I am very passionate about music, my favourite thing to do is see artists live.

## Something I find tricky is...

- Mental maths  
It helps me to have visuals or to write my working out down.
- Remembering how to get somewhere without navigation, even when I have driven there before.

## I can help you by...

- Celebrating all the amazing things you can do!
- Helping you when you get stuck
- Listening to your ideas or when you need someone to talk to
- Helping you feel happy and safe
