Key Facts
Sappho lived approximately 2000 years ago in a city called Pompeii, which is in modern day Italy.
Pompeii was part of the Roman Empire, ruled during Sappho's lifetime by Emperor Nero.
The kind of life someone in Pompeii led under the Romans depended very much on whether they were rich or poor.
A huge mountain called Vesuvius towered over the city of Pompeii. Today we know that Vesuvius is a volcano.
Vesuvius began to erupt in AD 79.
Vesuvius erupted so quickly that people didn't have time to flee.
The ruined city remained frozen in time until it was discovered by a surveying engineer in 1748.
