

Mrs McDowell's One Page Profile

What I would like you to know about me.

- I love stories, that's why I chose the Gruffalo background for my profile. I love reading stories, hearing stories and watching stories. I look forward to reading your stories.
- I also really like good food. I enjoy cooking and like to find new recipes to try out.
- I really like being out in nature and look forward to sharing adventures at Forest School with you.
- I like to combine the last two and cooking on the fire at Forest School is one of my favourite activities.

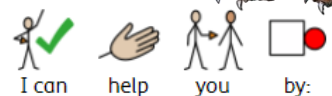

Something I find tricky is...

- Doing art, particularly drawing but I do it anyway because I enjoy it and I want to get better.
- I would love to be able to juggle but I find it really difficult.

I can help you by...

- Listening to you and understanding what you need.
- Teaching you and supporting you with your reading and writing.
- Exploring the world around us together and finding out about lots of interesting new things.
